

ACTION4CANADA

INTRODUCTION AND FREQUENTLY ASKED QUESTIONS FOR FUNDRAISING TEAM - DRAFT

Updated January 12, 2021

“Good morning/afternoon. Is the owner/manager available?”

NO: *“Would you please give this information to him/her when they return?”*

YES: *“Hello, my name is _____. I am here on behalf Action4Canada, and I am here with good news. We are reaching out in support of small businesses.*

BC businesses have been hit hard as a result of the extreme and draconian Covid-19 lockdown measures. Large Corporations are being favoured over small business and the provincial “requirements” are putting business owners at risk of closure and potential civil litigation.

By enforcing masks, social distancing, and hand sanitizers the Constitution and Charter of Rights and Freedoms are being violated. Employees and the public have the right to breathe unimpeded, to move freely, and to be assured personal privacy, safety, and security of the person.

Action4Canada believes the only way forward is a constitutional challenge. We have retained the services of Rocco Galati, a top constitutional lawyer.

Please visit <https://action4canada.com/business-campaign/> to hear a message from Mr. Galati for business owners.

Here is some information to review and we’re also requesting your financial support towards the legal action against the BC Government. A constitutional challenge of this MAGNITUDE is very complex and costly.

YOU CAN ENAGE IN THE APPROPRIATE CONVERSATION USING THE FOLLOWING QUESTIONS AND ANSWERS TO ASSIST YOU. IF YOU ARE ASKED QUESTIONS THAT YOU ARE UNABLE TO ANSWER, ASK HIM/HER IF YOU CAN GET BACK TO HIM/HER AT A LATER DATE. MAKE NOTE OF THE QUESTIONS AND CONTACT AN ACTION4CANADA REPRESENTATIVE FOR HELP.

“Thank you for speaking with me today. If you have any further questions or would like to learn more about Action4Canada, please visit our website.”

IF THE BUSINESS OWNER IS NOT RECEPTIVE, POLITELY THANK HIM/HER FOR THEIR TIME AND LEAVE THE PREMISES.

IF YOU COMMIT TO GETTING BACK TO THE BUSINESS OWNER, THEN PLEASE FOLLOW- THROUGH ON YOUR COMMITMENT.

ACTION4CANADA

INTRODUCTION AND FREQUENTLY ASKED QUESTIONS FOR FUNDRAISING TEAM - DRAFT

Updated January 12, 2021

Q: Who is Action4Canada?

A: We are a not-for-profit organization committed to educating, encouraging and equipping Canadians to take action towards protecting our rights and freedoms.

Q: Why are they commencing legal action?

A: Action4Canada is commencing legal action in response to the emergency measures that were taken without having legitimate grounds to do so. The passing of Bill 19 was unlawful and in violation of almost every section of the Charter.

Q: What is Bill 19?

A: In July 2020, the BC government rushed passing of Bill 19 **without public debate or input**. It **removes the voters' and their MLA representatives' ability** to question/debate or for public consultation. It clearly **violates nearly all sections your inherent civil rights** as guaranteed under the Charter of Rights and Freedoms Act 1982.

The Bill gives the **Lieutenant Governor**, a federally appointed individual, **almost unlimited power**. **Debate in the legislature is removed**, giving all decision making to the government and the Lieutenant Governor. It **removes the opportunity for voters to file lawsuits** against these destructive policy measures. This is **in direct violation of Sections 91 and 92 of the Constitution Act, 1897**. It is **legalizing tyranny**, without liability

Q: When we donate, where does our money go?

A: 100% of the funds raised are designated to the legal action. The money is held in a trust account.

Q: How do I learn more about Action4Canada?

A: By visiting the website at <https://action4canada.com/> . You can sign up for our Freedom Alerts at: <https://action4canada.com/join/>

Q: Isn't it mandatory to wear masks?

A: No, it is not. Bonnie Henry's comments are suggestions only, not actual law. In 2015, she gave evidence UNDER OATH in the Ontario Nurses tribunal hearing, where she stated: "I agree, there's very scant evidence about the value of masks in preventing the transmission of influenza".

Note: If you are asked about the case only, it was involving the Sault Area Hospital and Ontario Hospital Association and Ontario Nurses Association Re: Vaccine or Mask Policy 2015.

Updated January 12, 2021

Q: How much money are you looking to raise? How much has been raised so far?

A: A constitutional challenge of this MAGNITUDE is very complex and costly. A constitutional challenge of this MAGNITUDE is very complex and costly. Attorney/client privilege prevents us from divulging the exact amount but if you visit our legal action page you will see consistent updates shown in percentage. <https://action4canada.com/legal-action/#>

POTENTIAL STATEMENTS FROM BUSINESSES WITH SUGGESTED RESPONSES

1. When it comes to businesses who say they are “grateful” to the government because many are receiving rent subsidies and/or monies to pay their staff?

Suggested Responses:

- If the government was the one who put you in this position to depend on them, then why are you grateful?
- What about the 80,000+ (at least...likely more) businesses who have been forced to close their door? How will they survive if a second lockdown happens?
- What about the debt this is placing on our future generations?
- Are you aware that masks are NOT legislated in BC? If so, why are you supporting this? (There is NO law that mandates masks.)

2. To those businesses and/or people who say they are ‘helping’ by wearing masks:

Suggested Responses:

- Who are you helping?
- Are you helping:
 - The 80,000+ businesses who have been forced to permanently close their doors?
 - The millions of Canadians out of work and at risk of losing their homes?
 - The huge increase in people who have committed suicide due to the isolation, depression and loss of jobs?
 - The elderly who are being abused and treated worse than felons as they are isolated and locked away from their families?

ACTION4CANADA

INTRODUCTION AND FREQUENTLY ASKED QUESTIONS FOR FUNDRAISING TEAM - DRAFT

Updated January 12, 2021

- The people dying alone with no one at their side?
- Our children and young people who are being abused and traumatized?
- Their health is being put at risk as they are forced to wear a mask cutting off their much-needed oxygen for their brain development and overall well-being.
- Their mental health is at risk as they are being told that they will be responsible for their parents or grandparent's deaths if they don't wear a mask. THIS IS CRUEL AND AN OUTRIGHT LIE.
- It is very well known that children and youth are at a very low risk of getting CoVid and they do not carry the virus and spread it to others.
- A symptomatic people do not spread the virus so why are our children being forced to wear masks and social distance?

3. What about:

- The people wherein life-saving surgeries and treatments were deemed non-essential? Thousands of people have died as a consequence and many thousands more are expected to die because they were lied to and made to believe it was dangerous to seek medical attention. For example, the rate of cancer deaths is expected to go up 40% because early detection and treatment was not available.
- The BC Ferries, which are an essential service, refusing to allow people to take the ferry if they are not wearing a mask? Premier Horgan's arrogant response to this was that non-maskers should "buy a boat." (BC Ferries are paid for by taxpayers).
- The churches who have been forced to close or limited to 50 people? Dr. Bonnie Henry is on recording saying there is "no science" to this number. This is in violation of the Charter of Rights and Freedoms, Section 2 (a)(b)(c)(d) and Section 7.
- CoVid has not even been identified but what we do know is that the morbidity rate is less than the yearly influenza and it is treatable.

THIS IS A CRIME AGAINST HUMANITY
