Dear Small Business Owner,

These are unprecedented times. The government's extreme and unlawful measures in response to COVID-19 and their out-of-control spending are destroying our businesses, our communities, and our economy. Many small businesses have been forced to close or are on the brink of closing. Furthermore, the escalating national debt is putting the future of our children and grandchildren at risk.

The measures are in violation of the Coronation Oath, Constitution and nearly every section of the Charter of Rights and Freedoms. Canadians have "guaranteed" rights. Such as Section 7 of the Charter and 1(a) of the Bill of Rights:

"the right to life, liberty and security of the person and the right not to be deprived thereof except in accordance with the principles of fundamental justice."

It's time to stand up and defend our Rights.

The government's response to COVID-19 is having adverse consequences, including but not limited to:

- Small businesses are being targeted in favour of large corporations.
- Businesses are being forced to comply with mandates that violate our Charter rights and freedoms.
- Vaccine mandates are discriminating against individuals and causing division in our communities.
- Citizens, including infants and children, are being coerced into taking an experimental injection that is causing serious adverse reactions (CDC: 1 in 800) including death.
- Our elderly are suffering extreme isolation, psychological abuse, and neglect. They are dying alone, denied the comfort of loved ones by their side.
- Children are being forced to comply with measures that are causing depression, anxiety and suicide.
- Anxiety, depression, drug and alcohol abuse, domestic violence and suicide have increased dramatically.
- Many families are on the brink of losing their homes.
- Millions of Canadians have lost their jobs or businesses.

A constitutional challenge is the only way forward.

Action4Canada has retained the services of Rocco Galati, a top constitutional lawyer, and has commenced legal action against the government's extreme COVID-19 measures, in defence of our guaranteed Charter of Rights and Freedoms.

A business owner is at risk of personal and civil liability if they violate the individual guaranteed rights of their patrons. **Action4Canada** has created resources to protect you and your business <https://action4canada.com/business-resources>

We are a not-for-profit organization whose purpose is to protect and preserve a free and prosperous Canada. We are seeking help from generous donors who value their rights and freedoms and who see that more of the same will destroy our businesses, our families, and our communities.

There are several ways to donate:
