

## **Alert! Parents and Guardians Be Warned!**

### **Your Federal and Provincial Governments are colluding with huge Corporations to Scam you.**

Ontario Bill 188 was rushed through, without public knowledge or consultation, which is a requirement in Canada. This was done covertly in March one week after closing the Ontario schools due to the Covid 19 Pandemic. Bill 188 was pushed through 3 readings and royal ascent in a single day! Why..?

What is Bill 188? This Bill strips you and your children of privacy rights under the Public Health and Information and Protection Act. The Bill also allows police to obtain your health records to determine your **Corona Virus** status. It provides access to your children's health records in school, and out of school, as well as your health records.

**Some may think this is innocent on its own.** But when you tie it to the Emergencies Act, The Quarantine Act, and more specifically the Health Protection and Promotion Act, section 35 to be exact, then it allows a Health Officer to have you, or your child, to be detained by order of a Judge for up to 6 Months. A clear violation of your Charter Rights and Freedoms.

The US Centre for Disease Control Update on July 21, 2020 stated, "in case of emergency you should be packing extra clothing, medication, food and toys, for your children to go to school, just in case they are separated from you (the parent)."

This will be executed in Ontario by the order of unelected health officials from your local District Health Unit.

There are Quarantine Centre's being established right now. **Not convinced..?** Search a company called Onyx in Alberta. Or, look up what transpired on August 30, 2020, in Saskatchewan wherein a young woman was picked up from her parent's home, in an unmarked vehicle, during the night, and taken to quarantine. The young woman worked at a shoe store where a co-worker tested positive for Covid. Even though the young woman tested negative herself, she was forcibly removed from her home, and placed in a mandatory quarantine facility.

**This is coming folks, do you still think and believe this is about a virus?**

As for the Corona Virus Vaccine we should be very wary of moving too quickly when you consider the fact that it has not even passed the normal regulatory safety testing on animals. Would you put a brand new RNA and DNA DARPA Gel vaccine technology into your body? And what about your child's body? Are you aware that they have been testing for a corona virus vaccine for decades but have not found one without "significant risks?"

A group of parents of vaccine injured children are extremely concerned and are warning people that there will be no coming back from this one, no detox from this vaccine. This vaccine wraps itself right into the DNA of your body and becomes permanent at the cellular level. There is no way in hell we will take this vaccine!

Bill Gates is not an engineer, doctor, epidemiologist, or virologist. But conveniently he owns vaccine patents and vaccine companies. He has maimed and killed over 30,000 girls in India with his HPV vaccine alone and is responsible for paralyzing 490,000 children in Africa, using his polio vaccine. He is under investigation.

Bill Gates is the majority funder of the United Nations World Health Organization (WHO) and he openly admits there will be 700,000 persons who will experience negative outcomes from this first Covid 19 vaccine.

Why are our mayors and government officials so willing to sell out to his agenda? Why Mandatory Masking..? Because he knows masking increases vaccination rates to as high 70-80%. **Do you realize that the mandatory masking came into effect right after Bill Gates' private meetings with government officials in Ontario and Canada?**

**Why is Bill Gates involved in Canada and Ontario? Surely it is not out of the goodness of his heart!**

Justin Trudeau has donated \$600 Million Canadian Tax Dollars to – you guessed it, the Bill and Melinda Gates Foundation. Through this foundation, Bill Gates funds the WHO, ID2020 GAVI and many other vaccine projects.

Bill Gates openly stated in a Ted Talk, that "world population control can be obtained through vaccinations." Verified fact!

September 6, 2020 on awakeningchannel.com The CV19 pandemic is not based on any scientific evidence, and dubbed a lie and the "Crime of the Century." "It not about a virus it's all about the economy. And Masking does not protect anyone from this virus."

Research this yourself, please, I pray, help us enlighten and awaken others and save our children from this enslavement.

**RE: Masking and Vaccines - A new requirement for children to attend School.**

The Ontario Nurses Association won a labor arbitration over punitive actions of their employer, mandating either flu vaccine or masks, to prevent the spread of influenza. Below are excerpts from the final evidence and decision by James Hayes, Arbitrator. The BC Nurses' association also used this case to change the BC Health Policy by way of industry wide complaint made against a similar policy.

Dr. Bonnie Henry FRCPC provided written and verbal testimony in this arbitration case. Dr. Henry is a Canadian physician who is the Provincial Health Officer for British Columbia. Henry is also an associate professor at the University of British Columbia. She has a background in epidemiology and is a specialist in public health and preventive medicine.

S267. "Since its 1994 ruling in R. v. Mohan, and most recently in White Burgess Langille Inman, the Supreme Court of Canada has cautioned against the danger that in the face of expert evidence "the trier of fact will inappropriately defer to the expert's opinion rather than carefully evaluate it".

S385 Instead, the Court has reiterated that "[t]he trier of fact must be able to use its 'informed judgment', not simply decide on the basis of an 'act of faith' in the expert's opinion". 386 In all cases, the role of the expert witness is to provide "fair, objective and non-partisan opinion evidence" that assists adjudicators in assessing all the evidence before them and drawing true inferences."

S297. "Based upon my review of this material noted above and canvassed in more detail in Appendix B, and bearing in mind the concessions made about the quality of this evidence by Dr. McGeer and Dr. Henry, it appears to me that conclusions stated in the Patrozou review remain accurate: Although asymptomatic individuals may shed influenza virus, studies have not determined if such people effectively transmit influenza...Based on the available literature, we found that there is scant, if any, evidence that asymptomatic or pre-symptomatic individuals play an important role in transmission.

S298. The experts also agree that there is limited evidence on the significant point of the utility of masks in reducing transmission risk."

S300. Dr. Bonnie Henry is "not a huge fan of the masking piece" and agreed that: ***"there's very scant evidence about the value of masks in preventing the transmission of influenza"***. (Airborne)

Furthermore, 21 year veteran, Dr. Theodore A. Noel Anesthesiologist in Orlando Florida has proven that masks do not work using multiple types of commonly used masks and a common vape pen.
