the incredible job you did for me.
Every Morning, I wake up smilling and
feeling thankful to be alive—which has
never happened before in my 25 years.

You've given me a new sense of hope in this world - it may be dramatic but it's true.

I'm so very happy that during this crazy year, I've been able to find peace in my body for the very first time. TAKE TYLENOL AND ADVIL FOR PAIN

Dr. Mckee.

The been thinking a lot about what to say for my graditude to be understood, and a more "base you had to prove that inpact." However, in this similar, and most others, words are all a presen had to reach out with. At my one were false up post-up you naked fir fredbark and espressed your desire to connect patients to others seeking this treatment. You seem to genuinely core about your jeb and the impact you have.

I think Dr. Seusa put is nively, "whese someone like your cores a whole world led, nothing is going to get better. It's not." I think to you've found your own way of Joing that.

with Surgical Excellence, Safety, and Care
