Dear A.Comm McDonald,

I have yet to receive a response from you to the email below.

In follow up to the letter I wrote you below on masking children, [On April 8, 2021 a German Court ruled](#) for the "immediate" removal of masks from students and social distancing because it is causing severe harms and in violation of the constitution.

Things are getting very serious. Doctors are reporting deaths and adverse reactions to the vaccine and it is being ignored by Bonnie Henry and the Health Depts and College of Physicians are threatening the livelihoods of doctors who are speaking out and reporting their concerns. Doctors are being fined, gag orders put in place, and even fired.

I was in a meeting with individuals in the Okanagan on [Friday](#) and a group of doctors are calling and reporting very serious side effects and even death. One chiropractor has been working with a patient who took the vaccine 3 months ago and is in a wheelchair unable to walk.

You may have heard about Dr. Hoffe from Lytton who recently wrote a letter to Bonnie Henry stating that there was not even one case of so-called Covid in their town but after residents began to take the vaccine one person died and 6 have experienced extremely serious and damaging neurological effects. I have documented the information on our webpage which includes Dr. Hoffe's personal letters to his congregation. <https://action4canada.com/bc-doctors-open-letter-regarding-vaccine-adverse-reactions/>

In our last conversation you told me that if I had evidence of wrong doing on the part of Bonnie Henry that you would investigate. I am providing you information proving that Bonnie Henry and John Horgan are concealing information from the public and criminally negligent.

Doctors around the world are confirming what I told you last year...this is a treatable virus and yet the government is withholding treatment in order to push the vaccine. I sat across the table from you in July and I said this is murder, and I stand behind my words. Here is yet another doctor providing his testimony. <https://www.youtube.com/watch?v=QAHi3lX3oGM>

As mentioned above I am receiving information first hand from doctors reporting the vaccines are causing extreme injuries and at a much greater risk of this virus. Do you find it odd at all, that the government continues to add the death count of covid to a second flu season? Here is a video compilation of people's testimonies. <https://www.bitchute.com/video/s5p2yjJ4FxTv/>

[A former pfizer VP](#) speaks out against the vaccine and the great lie called Covid. (question...why do we need a vaccine when there is a 99.97% recovery rate).

The Justice Centre for Constitutional Freedoms posted the following [VIDEO](#) in response to 13 months of lockdowns and government overreach. It is well worth the watch.

On our last call you also made light of having access to your mom and that if she was in a home you would have to break her out. Do you know how many people I am dealing with whose parents died in homes alone and they were prohibited access....and the RCMP are called to show up and enforce it? This also is criminal, beyond comprehension, and a crime against humanity.

Since our first meeting in July of 2020 I presented you with a report outlining the corruption and yet, to

the best of my knowledge, you have done nothing. <https://action4canada.com/govt-corruption/>

In response to the draconian measures of the Ford government, [Ontario police](#) are taking a stand and saying they will not comply with the orders because they are in violation of our Charter rights. The Vancouver police have done the same.

<https://www.facebook.com/krissyvanalstyne/videos/10164918576555655>

Here is a [Message from Rocco Galati](#) top constitutional lawyer, in response to Ford's draconian, fascist measures attempting to implement martial law, and create a police state.

Recently I had the opportunity to speak with several Surrey RCMP and they are fully opposed to the Orders, the masking, and the vaccines. I would say it is time for RCMP leadership to take note.

The RCMP in Chilliwack are back at it again in issuing tickets against churches. Everyone knows that those tickets are not worth the paper they are written on and will never stand up in court and are purely meant to intimidate to force compliance. The tickets will be dismissed but the officer, and their supervisor, have opened themselves up to criminal charges as it is an indictable offense to interfere with Clergy, Section 176 (1-3)

Will the BC RCMP finally decide to uphold their oath and the Canadian constitution. Canadians have a "guaranteed" right to assemble, to work and provide for their family, to move, and to breath freely. Absolutely NO order supersedes these rights.

22 States have opened completely and Austria and numerous other countries have done so as well, ruling that the lockdowns and emergency measures are in violation of human rights and the Constitution.

My own story, I have a mask exemption for medical reasons and yet I cannot shop at Costco as they are violating the Orders. I finally went shopping a few weeks ago, without a mask (according to my legal right to do so), and I was [threatened by management](#) saying next time they would call the police. Customers came to my defense because they were also upset with being forced to wear a mask under the threat of not being able to buy their groceries. [Sergeant Dixon](#), head of the RCMP in Kelowna, recently demanded I leave a White Spot in Kelowna. He had his hand on his gun and I cannot describe to you how devastating it felt to be put in this position "in Canada". I was merely wanting a bowl of soup before I left town. A seat was 10 feet away and other people at a booth were sitting there with no mask on but I was refused service. Unfortunately, my camera stopped recording but there is enough here to provide the Sergeant's position in violating my human rights. I intend to file a complaint against your officer.

Respectfully, on your watch, the government is destroying people's livelihoods, our economy, causing severe harm to children en masse, deceiving the public, and abusing our elderly.

I request you contact me to arrange another meeting and again request that the RCMP cease and desist their assault against the church and respect the "guaranteed" rights of every Canadian citizen.

Respectfully,

Tanya Gaw

Dear A.Comm McDonald,

this note is in response to a comment you made when we spoke on [February 5th](#). You expressed

concern about your kids having to wear masks.

Our team created the following video and Notice for parents to sign and send to their school/school board to remove the masks. The school has no legal authority to mask children.

This link provides not only a Video and notice but additional information on the shocking 31% increase in emergency mental health hospitalizations of youth 12 -17 years of age and an alarming increase in suicide ideation. Masking children and youth is appropriately being called a crime against humanity.

<https://action4canada.com/parents-for-mask-free-children/>

Letter: <https://action4canada.com/wp-content/uploads/Action4Canada-Notices-to-Schools-on-student-masking-March-16-2021-.pdf>

The masks are causing physical and psychological harm and considering the fact that children (age 0-19) are at nearly zero percent risk of contracting or transmitting the respiratory virus called covid, it is shocking that the BCTF, the Education Minister, the Health Officer, the police, or anyone else, is going along with this.

I am working with firefighters who are refusing to comply any longer with the orders because of the increase in calls directly associated to the extreme and unwarranted mask mandates which are putting people at risk who have COPD, Asthma and other medical conditions. As well as mental health issues, drug overdoses, and suicides. A firefighter from Surrey reported responding to calls wherein 9 and 10 year old children are suicidal.

The following link provides the actual death rates in BC due to so-called Covid-19. You will see that the CDC and Health Canada are reporting deaths inline with the yearly influenza.

<https://action4canada.com/covid-19-death-rates/>

The following report confirms this and provides a wealth of other information, including on Page 8 the fact that the recovery rate of youth is 99.9996%

<https://online.anyflip.com/inblw/ufbs/mobile/index.html?s=08>

Please view the following video wherein Bonnie Henry is outright lying to the public regarding masks. I continue to request an investigation commence against Henry as she is acting unethically and unlawfully. Intentionally deceiving citizens in a matter of public interest that is destroying the livelihoods of millions of Canadians and putting children at risk is an indictable criminal offense.

<https://action4canada.com/masks/>

Indictable offense: "They can harm someone mentally, physically, financially, or even cost a life or more."

I continue to fight on behalf of our kids and I am requesting that you join me in this battle. We are at war with a common enemy.

This is not about a virus, this is about turning Canada into a communist/socialist state. I provided you the information of the Belarus President who exposed the IMF and world banks who attempted to bribe him by insisting he impose the Covid emergency measures and lockdowns. He refused. Is this worth a conversation with the Belarus intelligence?

<https://www.armstrongeconomics.com/world-news/corruption/belarusian-president-claims-imf-world-bank-offered-him-a-bribe-to-impose-covid-restrictions/>

Police Officers across the nation are rising up and speaking out. I pray you will be one of them.
