

Dear Alberta Minister of Justice and Solicitor General, Kaycee Madu,

It has come to my attention that the Mayor of Calgary and the Calgary police have committed an indictable offence in the arrest of Pastor Artur Pawlowski.

Mayor Nenshi and the arresting officers are in violation of Section 176(1-3). An indictable offence up to two years in prison.

There are no exceptions when it comes to the Criminal Code of Canada. One Rule of Law for ALL.

Therefore, I request all charges against Pastor Pawlowski, and his brother, be dropped and instead arrest and indict Mayor Nenshi and the Calgary police officers involved in this crime.

This is Canada. Not communist China.

I look forward to your immediate attention to this matter.

With regards,
