

**A SMALL SNAPSHOT OF  
ALL THE ENCOURAGING WORDS  
AND SUPPORT FOR THE EMPOWER HOUR**

I felt so honored to listen to your story and words of wisdom on the Action 4 Canada empower hour on April 6 - thank you so very much for your truth and authenticity.

PS I did not know that about yoga - and oddly, I stopped yoga about 6 weeks ago; because I needed to start walking my little dogs in the morning; and I no longer had time for both; so I chose to stop yoga. And I have been feeling happier; and so many miracles and joy keep showing up in my life in a significant way;

I so appreciated your testimony on Action4Canada. I have wondered about Yoga ever since a dancer friend told me that Jesus showed her to stay away from yoga and not to let it into her dance company. One or more of her students experienced deliverance from spirits that gained access through doing yoga moves. She noticed that one of her students was swaying like a snake, moving her spine in an abnormal flexible manner. She found out about her yoga practice and was able to help her go through deliverance.

Thank you so much for your presentation on the New World Order. I knew about transcendental meditation and when introduced to yoga I just thought I would substitute Scriptural meditation instead! Then I read Ezekiel 14 about taking the stumbling block from your face. I immediately associated it to the masks. If that was so clear to me, what am I doing embracing yoga and all the poses? You really got me thinking! I am so grateful!!!

Thank you so much for sharing your heart and life story at A4Canada last week.

I'm so grateful I had the opportunity to hear you speak on the Action4Canada webinar on Wednesday night. Your testimony and what you can speak to is an answer to prayer. I have lots of questions my heart is bursting to ask, but I will wait to ask one it two until I've read your book

Thank you Alan for your powerful testimony, honoring the great name of our Lord Jesus, during the A4C Empower Hour. I'm looking forward to read your book

God bless!

Thank You for sharing your testimony and sharing your journey with A4C and our audience.

Your book just adds so much to what the body of Messiah needs to be discerning of deception that will so closely parallel the truth. Without the Holy Spirit we won't be able to tell the difference. Sadly so many believers lack this vital gift and will be led astray

Thank you for obeying God as He brought truth to you. You couldn't be as effective for the kingdom if you didn't have the experiences you had. Praise God for His deliverance and healing in your life. Bless His Holy Name!

Thank you for your beautiful and inspiring presentation on Wednesday  
I feel lately that wherever I turn I am prompted towards The Divine-to our Lord God.

Thanks for speaking at Action4Canada tonight. I've been going through a bit of an awakening lately and questioning everything (as well as seeing the evil among us). I now feel that I need spirituality or religion in my life. I've been pulled so far into the new age stuff but felt that something was off. I was pulled to wear my old gold cross recently, a necklace from my childhood, and I think I will dig out my old bible. This was great timing, to hear you speak.

Thank you so much for your time and for sharing your testimony of meeting Jesus, and your knowledge and experience with worldly spirituality.

Our world is under attack and so many are unaware and misguided that the battle is spiritual..!

I watched your interview on Action4Canada on Wednesday evening and I want to thank you for sharing your story. It is a powerful testimony of what Jesus can do to change lives and culture.

I'm so excited about the good things God is doing in Canada and I believe He has a plan and that more people are going to come to faith in Jesus when they hear about the hope in Him.

Huge gratitude. And again, you share with such an honest heart and respectful transparency on such a sensitive issue. Bless your courage and respect to humanity for doing so.

What an amazing pleasure for God to provide you with the A4C platform via the wonderful Tanya Gaw last night! God is so good! I can completely relate to your story of the freedom, peace and no fear you have found in Jesus as I have as well! I am the Christian who tampered with yoga for the stretching. I was fooling myself. Even my mom tried to warn me but I refused to listen. It is so devilish how the enemy has used yoga to infiltrate the western world, particularly the Christians!

I am so unbelievably happy you were on the empower hour last night... Canadians need this! The Lord Bless you and your boldness to stand for Jesus! And Tanya too! I am covering her in prayer as I know this caused and will cause backlash for her. All I can say is WOW! What an empower hour!

Thank you for your heartfelt sharing last evening on A4C...must have been hard when you couldn't see your audience! Amazing life story..

Thank you so much for sharing your testimony last night with Action4Canada.

It was such amazing timing as friends of mine were up to the wee hours of the morning Monday speaking about many of these things. I had no idea that yoga had those ties that you said.

It is beautiful how God rescued you from your former life and the impact you have now for the Kingdom of God is amazing!

I've listened to your testimony in the past and am in FULL agreement!

Thank you for your presentation yesterday about the new age order and your valuable experiences pertaining to this organization

I was on both Action4Canada's Zoom meetings this week - Monday and today, Wednesday. It has been a long time since I have heard such a strong message about the deception of the New Age movement. I was involved with a group of parents that spanned North America - pre-internet, DVD video cassettes of speakers being mailed back and forth - who were very concerned about the globalist agenda coming into the school curriculum in the late 80's, early 90's.

Thank you for so clearly explaining how Yoga works. I had some understanding of the spiritual aspect but I didn't know how the poses facilitate the spiritual connection.

It may not be a surprise that your message has caused some in the particular A4C chapter I am involved with to take offence. There is a spiritual battle taking place and as much as I agree with and support A4C's fight for our freedoms in Canada, I believe our purpose is bigger than that.

Thank you for sharing on A4C tonight. It was vital to expose the link between the New Age Movement and the World Economic Forum.

Thank you so much for joining Tanya and sharing your knowledge and experiences of living in Hinduism and the purpose of the Yoga poses and breathing and the evils within it for us all on the Power Hour tonight.

It was very emotional for me.

Thank you for sharing with Tanya and the audience today. We greatly appreciate your willingness to share your story and educate others about the sinister side of New Age philosophy. It was actually a reminder for us as we were told early in our Christian lives, 70's, about the evil side of New Age, but like many others it "seemed" harmless enough, not so. The pairing with WEF is not surprising given the goals of the two groups which you explained.

Thank you for speaking with Action4Canada tonight.

Your talk was an eye opener!

Thanks so much for your courage and strength.

I was fascinated by what you had to say tonight at Action4Canada. It is mind blowing what has been happening with our world. I was told 7 years ago that there was something wrong with Yoga but with no explanation. Now I have the explanation.

Wow and thank you for sharing as candidly as you did on the Action4Canada webinar with Tanya Gaw today!

I appreciated the clarity you brought to a number of issues.
