

**Petition: Drag Queen Story Performances**

“Drag Performances” that are being promoted and/or funded by the City in public spaces are open to children of all ages. Drag performers are “adult” entertainers, many of whom have highly sexualized, inappropriate content available on the internet. Their lifestyle does not reflect “family friendly” values and therefore they should not be trusted around children. We the undersigned ask that the City:

- Immediately raise the age limit to 18+ for all Drag Queen events.
- ID checks be made at the door.
- The City retract their sponsorship of these events.
- The City no longer allow Drag Shows of any kind on public property where minors could have access.

Our City has no business supporting sexualized adult content that corrupts the morals of a child and robs them of their innocence. See attached for more information.
