Investigative Report:
Islamic Networks, Ideology, and Infiltration in Alberta
August 2025

The Threat

The Muslim Brotherhood is a transnational Sunni Islamist movement that seeks to implement Sharia (Islamic law) under a global caliphate.

The MB have made their plans clear in the Explanatory Memorandum on the General Strategic Goal for the Brotherhood in North America. In their own words:

> *"The process of settlement is a 'Civilization-Jihadist Process' with all the word means. The Ikhwan [Muslim Brotherhood] must understand that their work in America is a kind of grand jihad in eliminating and destroying the Western civilization* ***from within*** *and "sabotaging" its miserable house by their hands and the hands of the believers so that it is eliminated and god's (allah's) religion is made victorious over all other religions.*

Methods of Stealth Jihad

1) Muslims are weaponizing the term **"Islamophobia"** to "quell criticism of Islam". This poses a security risk and is a violation of the Constitution and the fundamental right to free speech.

   The term "Islamophobia" is a politically manufactured weapon and not a shield against hate. It is a strategic tool used to dismantle Western values from within. It was deliberately crafted to silence all criticism of Islam, particularly of its radical and political branches, while protecting extremist ideologies under the false banner of tolerance. Motion M-103, introduced by Muslim MP Iqra Khalid, under the pretense of addressing "systemic racism," is in fact a calculated effort to de-legitimize public concern, suppress open debate, and provide political cover for the growing influence of Islamist networks in Canada. In Alberta, where the presence of Muslim extremists, terrorist sympathizers, and foreign-funded Islamist institutions is rapidly expanding, this narrative is being used to infiltrate government—education, finance, and law enforcement—all while branding any opposition as "hate." This is not about protecting rights—it is about silencing resistance to a hostile political, ideological, and military takeover.
   https://action4canada.com/wp-content/uploads/The Canadian-Guide-to-Understanding-and-Combatting-Islamophobia.pdf

2) **Political Entryism** is a deliberate strategy being employed by Muslim activists to gain influence by securing elected positions within Western governments. Under the guise of representation, these individuals work to advance Islamic political objectives, gradually embedding Sharia-aligned policies and weakening national institutions from within.

3) **Workplace Accommodation:** Rather than assimilate, Muslims are using the Human Rights Commission to file workplace complaints to advance a silent "Civilization-Jihadist Process". The rising demands for workplace accommodation of Islamic practices such as wearing a hijab, prayer breaks, halal food, and gender segregation in non-Islamic countries, is a means to an end. This is part of the Islamists' strategic modus operandi, stealth persuasion, to advance their agenda in Canada and the USA by demanding their values, **not Canadian values**, be prioritized. Muslim organizations, such as the NCCM, provide training on how to file complaints. https://action4canada.com/wp-content/uploads/Report-An-Incident-NCCM.pdf

   Here is an example of an event held in Calgary on June 10, 2025: Muslim Legal Support Centre (MLSC) Workplace Harassment: How to Recognize and Report It.

   - https://action4canada.com/wp-content/uploads/employment-and-human-rights-support-muslim-legal-centre.pdf

4) **Halal Products**: By integrating halal standards into public policy, we are allowing Islamic doctrine to shape Canadian institutions. Halal is not just a food preference; it's a vehicle for enforcing Sharia norms across society—quietly, broadly, and without consent. This undermines our values and erodes our national identity. This is not about accommodation—it's about submission. It is important to note that according to the Quran 5:5 **all** food is lawful. https://action4canada.com/wp-content/uploads/Islam-all-food-is-lawful.pdf

   Halal is a weapon being used to achieve Islam's goal to:

   i. **"Conquer the world"**. https://action4canada.com/wp-content/uploads/Islam-Rule-the-World-through-Halal.pdf

   ii. **Fund terrorism**: The Muslim Association of Canada (MAC) Halal program is reported to be part of a Muslim Brotherhood strategy. "*MAC's halal program is part of a global Muslim Brotherhood's strategy. In 2010 in Islamabad, a leader of the Islamist organization, the mufti of Bosnia, Mustafa Ceric, urged Muslims "to conquer the world through Halal movement*."" https://action4canada.com/wp-content/uploads/MAC-Hamas-terrorism-halal-report.pdf

Terrorist Organizations in Canada

Although former Prime Minister Justin Trudeau designated radical Islamic groups such as the IRGC and Hamas as terrorist organizations, his government failed to take substantive action to dismantle their networks or deport individuals known to be affiliated with them. In closed-door discussions, the Prime Minister reportedly acknowledged prioritizing the financial contributions linked to these groups over the security of Canada's borders and the safety of its citizens.

In 2019, the report titled *"The Rise of Political Islam in Canada"* was submitted to Prime Minister Justin Trudeau and all Members of Parliament, calling for urgent action to combat the growing threat of Islamic extremism. Despite clear warnings, the government and law enforcement failed to take meaningful action. Instead, Prime Minister Trudeau's immigration policies and refusal to confront Islamic extremism have directly contributed to a significant increase in this national security threat. The RCMP's intelligence division confirmed the report's findings to be accurate. https://action4canada.com/the-rise-of-political-islam-in-canada-a-detailed-report/

There are growing concerns over all levels of government not only refusing to deal with terrorist organizations with documented links to the Muslim Brotherhood (MB) and Hamas, but also funding them. This is a betrayal of public trust and a threat to Canada's national security. ISGAP identifies six key organizations it alleges are affiliated with the MB and continue to receive federal support: Muslim Association of Canada,, Islamic Relief Canada, the Arab Medical Union, ISNA-Canada, NCCM, and IRFAN-Canada. https://action4canada.com/wp-content/uploads/Muslim-Brotherhood-influence-in-Canada.pdf

The following excerpts are from a detailed report written by Tom Quiggin, former Privy Council intelligence analyst and court-recognized expert on terrorism, on the Muslim Association of Canada (MAC). Mr. Quiggin's report provides an example of an Islamic group with close ties to the Muslim Brotherhood, fully operating in Canada, **including Alberta**, as a charity. Full report: https://action4canada.com/wp-content/uploads/MAC-Outline-TomQ_Feb_2025.pdf

> Introduction: As noted in many reports, the Muslim Brotherhood is "deliberately opaque, and habitually secretive." However, among all the Muslim Brotherhood front groups on a global basis, it has only been the terrorist group HAMAS and the Muslim Association of Canada that have openly declared their allegiance to the Muslim Brotherhood and its founder Hassan al-Banna.
>
> - "*It is the nature of Islam to dominate, not to be dominated, to impose its law on all nations and to extend its power to the entire planet.*" Hassan al-Banna, founder of the Muslim Brotherhood.
>
> - "*Islam wishes to destroy all states and governments anywhere on the face of the earth which are opposed to the ideology and programme of Islam regardless of the country or the Nation which rules it*." Abul A'la Maududi, founder of Jamaat-e-Islami.

- "*Conquest through dawah,* [proselytism] *that is what we hope for. We will conquer Europe, we will conquer America! Not through sword but through dawah*." Yusuf Qaradawi, Muslim Brotherhood and International Union of Muslim Scholars (IUMS).

The Muslim Association of Canada has/had significant Muslim Brotherhood members on its board of directors. Among them have been individuals who have played leadership roles at the highest levels of the Muslim Brotherhood. They have also played roles in related organizations which have been prosecuted for funding terrorism or been listed as terrorism entities.

The Muslim Association of Canada is currently involved in an eight-year struggle with the Canada Revenue Agency (CRA) which is attempting to remove its charitable status. In late 2022, this struggle received national press coverage over the fake documents scandal. The Muslim Association of Canada is attempting to claim that they have documents, purportedly from insiders in the government, that show the Royal Canadian Mounted Police (RCMP) and the CRA have hired undercover informants to build a case against them. The Muslim Association of Canada says these documents have such detailed information that they could only come from insiders. The RCMP, the Bank of Canada and the CRA have publicly stated that the documents are fakes, and they will not act on them. From the outside, it appears that the Muslim Association of Canada authored the documents to disrupt the CRA investigation.

The MAC may also have been "debanked." According to the National Council for Canadian Muslims (NCCM formerly CAIR CAN), five major Muslim charities have been debanked or rejected by Canadian financial institutions, including the Big Five banks and a variety of financial services organizations. Although the article does not name the charities debanked, it appears that the MAC is one of them. Officials of the Muslim Association of Canada have held positions in a variety of foreign Muslim Brotherhood organizations. Wael Haddara was a senior figure in the Muslim Brotherhood government of Egypt, as was Yaser Haddara. Jamal Badawi was identified as being on the Shura Council (Board of Directors) of the Muslim Brotherhood for North America. Hassan Hachimi was a former treasurer and director of the Muslim Association of Canada according to CRA records. He would leave Canada to join the Syrian Muslim Brotherhood as the head of its political bureau. He would meet with Canadian authorities in that role, including (then) Foreign Minister John Baird.

Muslim Brotherhood Affiliations

The Muslim Association of Canada has presented the following on its own website:

> *"We believe that the efforts of Al-Banna and subsequent generations of the Muslim Brotherhood remain the truest reflection of Islamic practice in the modern era*."

The Muslim Association of Canada also says:

> *"Much of the philosophy and vision of the Muslim Association of Canada derives from the heritage of the Muslim Brotherhood.*"

The Senate of Canada heard in May 2015 that the Muslim Brotherhood, listed as a terrorist entity in several countries, has a series of some eight to ten front organizations in Canada. Among them were the Muslim Association of Canada; the National Council of Canadian Muslims; (formerly known as Council of American Muslim Relations – Canada or CAIR-CAN); Islamic Relief Canada, and the International Relief Fund for the Afflicted and Needy – Canada, IRFAN. IRFAN no longer exists, as it lost its Canada Revenue Agency charitable status for funding terrorism and was later declared to be a terrorist entity.

The testimony to the Senate was given by Dr. Lorenzo Vidino, one of the world's leading experts on the Muslim Brotherhood. He is currently the Director of the Program on Extremism at the Center for Cyber and Homeland Security, George Washington University.

He has also held positions at the Centre for Security Studies, the Rand Corporation, the Kennedy School of Government, Harvard University, and the U.S. Institute of Peace.

Dr. El-Tantawy Attia is the executive director of the Masjid Toronto which has been identified as being part of the Muslim Association of Canada. The Masjid and the Toronto chapter office of the Muslim Association of Canada are in the same building. Dr. Attia made his views clear with respect to the Masjid when he stated: "*Here, we follow the teachings of the Muslim Brotherhood*."

Sarah Attia serves as the Education Youth Director for the Muslim Association of Canada. She is the daughter of Dr. El-Tantawy Attia. She is the former Vice President of the Muslim Students Association, which is a Muslim Brotherhood proxy organization. She was a speaker at May 18-19, 2002, 28th Annual Islamic Society of North America (ISNA) Canada Convention in Toronto. The ISNA has had multiple charity revocations. She is the wife of Khaled al Qazzaz, who worked in the "Secretary on Foreign Relations, Office of the President Politics: Freedom & Justice Party." The Freedom and Justice Party is the political wing of the Muslim Brotherhood in Egypt.

In 2004 both Jamal Badawi and Wael Haddara were on CAIR-CAN's Board of Directors and on the Muslim Association of Canada Board of Directors as well. On March 22, 2004, the MAC issued a press release in which it openly supported HAMAS, an organization that

states it is part of the Muslim Brotherhood. This endorsement of Hamas came more than one year **after** the Canadian government had added Hamas to a list of terrorist organizations.

The Muslim Association of Canada **is a registered charity** with the Canada Revenue Agency. Since 2015, the CRA has been investigating the MAC with the intent of showing that their work ultimately funds terrorism. **The intent of the CRA investigation is to remove the charitable status of the MAC.**

In April of 2022, the MAC filed a notice of application in the Ontario Superior Court to have the investigation shut down. A fake document scandal appears to have arisen from the investigation. According to press reports, a series of documents were sent to the Muslim Association of Canada...

Such reports have been used as part of a larger media campaign to portray the Islamist charities as victims of Islamophobia, even though they have repeatedly been caught sending millions of dollars to listed terrorist groups as well as funding extremism. Among others, this media campaign has been supported by Prime Minister Trudeau.

Given the extensive history of terrorism funding for HAMAS and other Islamist terrorist entities by Canadian charities, it seems reasonable that the Islamist front groups in Canada would try to have the investigations shut down by political means. As noted above, a variety of figures associated with the Muslim Association of Canada have direct ties to the Muslim Brotherhood, HAMAS and other extremist organizations.

The Muslim Brotherhood

Canada: In 2014 Tom Quiggin provided a study exposing that the Muslim Brotherhood has a 'significant presence' in Canada. The study urged a probe into the group.

> "*Calling the Brotherhood the 'antithesis' of Canadian laws and values, the study urged Ottawa to deny public support and charity status to organizations aligned with the group*. The report is "*intended to focus public attention on the requirement to have a national level discussion on the Muslim Brotherhood and its role in Canada*," said Tom Quiggin, the former Privy Council intelligence analyst who authored the study. Mr. Quiggin, a court-recognized expert on terrorism, wrote the study without government or private funding. "*Questions need to be raised about the accreditation, public funding and charity status of the organizations involved*," he said "*The government of Canada may wish to pursue a wider investigation into the activities of the Muslim Brotherhood with a particular focus on its activities in Canada and the USA*".

June 26, 2025: An alarming report, **We Stand on Guard for Thee? The Growing Influence of the Muslim Brotherhood on Politics, Academia, and Civil Society in Canada,** was released by the The Institute for the Study of Global Antisemitism and Policy (ISGAP). It "*uncovers the deep-rooted presence and growing influence of Muslim Brotherhood-affiliated organizations across Canada's civil, academic, political, and financial spheres. This has escalated into a significant national security concern that demands urgent and decisive attention – including formally designating the Muslim Brotherhood a terrorist organization. Without urgent action, Canada remains vulnerable to a potential terror attack*".

United States: Taking Action to Designate the Muslim Brotherhood as a Terrorist Organization

On June 4, 2025, Senator Ted Cruz reaffirmed his commitment to national security by reintroducing legislation to designate the Muslim Brotherhood as a foreign terrorist organization.
https://action4canada.com/wp-content/uploads/Cruz-to-reintroduce-bill-labeling-Muslim-Brotherhood-a-terrorist-group.pdf

Senator Cruz has led ongoing efforts in this regard for nearly a decade. In 2015, he first introduced the Muslim Brotherhood Terrorist Designation Act (S.2230), which called on the Secretary of State to evaluate and report to Congress on the organization's designation as a foreign terrorist entity.

June 10, 2025: Rep. Nancy Mace is also targeting the Muslim Brotherhood with a new bill: https://action4canada.com/wp-content/uploads/Rep.-Nancy-Mace-Targets-Muslim-Brotherhood.pdf

June 24, 2025: Gatestone Institute Report: Why Trump must designate the MB as a Terrorist Group. https://action4canada.com/wp-content/uploads/Ban-Muslim-Brotherhood_Gatestone-Institute.pdf

In addition, Rep. Randy Fine has introduced a No Sharia Act, designed to make absolutely clear that Sharia law—or any foreign religious legal system—has no place in American courts, government agencies, or public institutions. https://action4canada.com/wp-content/uploads/Rep.-Randy-Fine-Introduces-No-Sharia-Act.pdf

These legislative initiatives represent a necessary step to protect American citizens and uphold national security, and it is hoped that it will encourage other Western nations to adopt similar measures in defense of democratic values and public safety.

Countries that have already designated the MB as a terrorist organization: Saudi Arabia, Egypt, and the United Arab Emirates (to name a few) https://action4canada.com/wp-content/uploads/Bill-to-designate-Muslim-Brotherhood-as-terror-group.pdf

Countries addressing illegal immigration and terrorist sympathizers:

- Germany is deporting foreigners who glorify terrorists. https://action4canada.com/wp-content/uploads/Germany-to-Deport-Foreigners-Who-Support-Terrorist-Acts.pdf
- UK launches deportation of illegal Pakistanis. https://action4canada.com/wp-content/uploads/UK-Launches-Deportation-of-Illegal-Pakistani-Immigrants.pdf
- Sweden tightens migration policies, resulting in more people leaving than immigrating in 2024. https://action4canada.com/wp-content/uploads/People-leaving-Sweden-will-exceed-immigrants-in-2024.pdf
- Italy anti-immigration policies cut illegal arrivals. https://action4canada.com/wp-content/uploads/Italys-Anti-Immigration-Policies-Cut-Illegal-Arrivals-By-62.4-In-2024.pdf

- Canada: To deal with extremism and the rising attack on Canadian sovereignty, Quebec is "ending Multiculturalism". It is a step in the right direction. Bill 84, An Act respecting national integration, lays out an “integration model” under which immigrants to Quebec are expected to both learn French and adhere to a “common culture.” Canadian culture.

Alberta: Facilitating & Advancing Extremism

Serious concern is mounting that the Alberta government is, whether by intent or neglect, advancing Islamic law and extremist networks. This is evident in its accommodation of Sharia compliant banking and halal products, its failure to regulate Islamic schools that promote anti Canadian ideology and sympathy for foreign terrorist movements, and its tolerance of mosques that provide a platform for radical Imams. See the following examples:

Halal Products

- June 2025: Al Rashid Mosque announces first halal mortgage. https://action4canada.com/wp-content/uploads/Alberta-Launches-First-Halal-Mortgage-June-2025.pdf

- Sharia banking/Halal Mortgages: Premier Smith endorses halal banking. https://rumble.com/v6vof5r-danielle-smith-endorses-halal-banking-in-alberta-april-52023.html

- Sharia banking: "*The UCP government said it's working with the Alberta Council of Imams and the Al Rashid Mosque to explore opportunities for Islamic-compliant, or halal, financing*". https://action4canada.com/wp-content/uploads/UCP-Muslim-mortgage-financing.pdf

  i. The Al Rashid Mosque in Edmonton has come under serious scrutiny for regularly hosting speakers who spread hateful rhetoric against Jews and express hostility toward Western values—raising significant concerns about the Alberta government's involvement working with them in any capacity.

  ii. The Canadian Islamic Finance Board (CIFB) is an initiative led by the Al-Rashid Mosque.

  iii. It is reported that Alberta's first halal mortgages are Sharia approved by Canadian Imams with global terror links. Dr. Muhammad Iqbal Masood Al-Nadvi of the Canadian Islamic Finance Board (CIFB) reportedly promotes jihad and works as a Sharia Advisor at the Jamaat-e-Islami-Hind.

iv. The President of the Canadian Council of Imams, Dr. Muhammad Iqbal Masood Al-Nadvi said, "*Jihad will continue until the day of resurrection*". He served as the former president of ICNA Islamic Circle of North America – ICNA has been investigated for alleged terror financing links.

v. Sheikh Hacene Chebbani – Head, CIFB Sharia Committee approved Alberta's first halal mortgages. He reportedly promotes Islamic martyrdom and accuses Jews of deicide or killing Allah's messengers. He fails to condemn Hamas or jihadists.

vi. The halal mortgage industry in Canada has a history of failures and bankruptcies, including the massive Halal Mortgage fraud uncovered by the RCMP.

vii. Included in the this report are media, images, links and references to support the statements above and show the antisemitic and reported terror links between Dr. Muhammad Iqbal Masood al-Nadvi and North American Imams with terror links working in the halal mortgage industry. https://action4canada.com/wp-content/uploads/Alberta-Halal-Mortgages-Report.pdf

- Canadian Halal Financial Corporation (CHFC) Endorsement: Giving special thanks to Premier Smith and Hon. Thomas Lukaszuk. https://action4canada.com/wp-content/uploads/Canadian-Halal-Financial-Corporation-Endorsementpdf.pdf

- Former Deputy Premier/Cabinet Minister Thomas Lukaszuk, who helped establish AB, halal banking, is now CEO of CHFC. https://action4canada.com/wp-content/uploads/Thomas-Lukaszuk-Halal-banking-AB.jpg

- CHFC's address is listed at 10714 124 St NW, Edmonton, AB, T5M 0H1, Canada.

- In January 2024 the CHFC lost its Fatwa (a legal ruling on a point of **Islamic law**) approval to sell halal mortgages from the Edmonton Al-Rashid Mosque in a public dispute yet CHFC continues to sell halal mortgages using the lapsed fatwa approval; https://action4canada.com/wp-content/uploads/Al-Rashid-Mosque-cuts-ties-with-CHFC-Jan-2024.pdf

- CHFC posts its lapsed fatwa certification from Al Rashid Mosque on its current website, July 2025. CHFC Canadian Halal Financial Corp. advertises several other Fatwas approved by questionable foreign Imams from the antisemitic Al Azhar University Egypt. Foreign Imams from adversarial regimes who are openly anti-Canadian and anti-Western are approving Canadian halal mortgages in Alberta. https://action4canada.com/wp-content/uploads/Alberta-CHFC-al-Rashid-Mosque-July-2-2025.pdf

- Halal meat: In 2024, the Alberta government closed seven unlicensed Muslim-operated facilities involved in illegal animal slaughter. Due to the significant rise in such incidents, the government has introduced a Bill aimed at increasing the penalties for these activities.

However, the commercial sale of halal meat—which involves a method that results in prolonged suffering and distress for the animal and is considered inhumane—continues to be permitted. This practice raises concerns under existing animal cruelty laws, leading to growing calls for a reevaluation of its legality and for halal slaughter to be banned altogether.

Further examples - Alberta:

- Celebrates Eid al Fitr. What is Eid? It is a barbaric Muslim festival where fully conscious animals have their throats cut, leaving them to slowly bleed out in agonizing pain until they die.

  Danielle Smith, *"With more than 200,000 Muslims in Alberta, Eid al-Fitr is an opportunity to recognize the important contributions of Muslim Albertans to our province and how these contributions enrich our communities".*

  Review the following link to fully grasp the barbaric Eid al-Adha festivals and their treatment of animals. When the leadership of Alberta participates in these Muslim celebrations, they are publicly declaring their willingness to overlook extreme cruelty for the sake of political or cultural appeasement. https://action4canada.com/wp-content/uploads/HAPPY-EID-AL-ADHA-the-barbaric-Muslim-Festival.pdf

- Commits to create legislation so that 'Canadian' employers would be **forced** to recognise Muslim holidays (eg Eid).

- Celebrates Ramadan: Ramadan celebrates the anniversary of the Battle of Badr (A.D. 624). This battle, pivotal in Islamic history, remains a symbol of divine intervention and victory in jihad, one that has inspired all Muslims for centuries. It is one of Islam's greatest victories over non-Muslims, a victory that paved the way for Islam's expansion beyond Arabia and eventually into the Western world, at the cost of millions of lives lost in wars, raids, and **forced** conversions.

- Supports halal financing, **their** cultural holiday observances, and Islamic schools to "reflect **their** educational values". https://action4canada.com/wp-content/uploads/Danielle-Smith-message-to-muslim-community-2023.pdf

- Facilitates Islamic schools reportedly funded by terrorist organizations. https://action4canada.com/wp-content/uploads/Alberta-Security-Infrastructure-Program-Guidelines.pdf

Islamic Schools & Practices: Ideological Incompatibility with Canadian Culture

What is the focus and priority of Islamic Schools in Alberta? What organizations are funding and supporting them? What is the government of Alberta's responsibility in this regard?

The Adler v. Ontario [1996] 3 S.C.R. 609 Supreme Court ruling affirmed that only Protestant and Roman Catholic education hold constitutional recognition in Canada. Therefore, Alberta has no legal or constitutional obligation to fund or support Islamic schools. Any public funding or endorsement of such institutions undermines this legal precedent and sets a dangerous path toward legitimizing 'political' ideologies/systems that are not recognized under Canadian law.

- MAC Islamic School Calgary curriculum overview of priorities (following are excerpts) https://action4canada.com/wp-content/uploads/MAC-Islamic-School-Calgary-Education-Plan-2022.pdf
  - Commemorating victims of Islamophobia in Canada and globally.
  - Students celebrate multicultural day (One Ummah Day) "***to celebrate their own culture in school***".
  - Black Islamic History Month
  - World Hijab Day (February 1st): World Hijab Day is an annual event founded by Nazma Khan in 2013, taking place on 1 February each year in 140 countries worldwide. Its stated purpose is to encourage women of all religions and backgrounds to wear and experience the hijab for a day to educate and spread awareness. Their motive is to normalize it in the West. However, **the hijab is a symbol of oppression**, and within the Islamic circles, it is introduced to young girls around the time of puberty. This transition is seen as a sign of maturity and the assumption of religious responsibilities, including marriage. Read below to learn more about the hijab and child marriage, in Canada.
  - The school attire represents Islamic Values
  - Priority #2: Optimize and Expand Programs to Build Students' Islamic Character & Mindset
  - Maintain the faith-based morning assembly by involving students in reciting the Quran and hadith
  - Teach Islamic Values and Quran daily
  - Celebrate Ramadan and 'Eid
  - Educate students about a special day in Islam, such as Israa and Miraj
  - Integrate Islamic perspective and Prophet Mohammed traditions on daily lessons

- Edmonton Islamic Academy (Associated with the Al Rashid Mosque): It is compulsory for young girls and teen students to wear the hijab and/or burkas.
    i. https://action4canada.com/wp-content/uploads/Edmonton-Islamic-Academy-young-girls-hijabs.jpg
    ii. https://action4canada.com/wp-content/uploads/Edmonton-Islamic-Academy-young-students-hijabs-burkas.jpg

The Hijab, Puberty and Child Marriage

- Hijabs are a symbol of oppression, created 1300 years **after** the Quran. In Iran, over 100,000 women protested the head scarf. The hijab is an affront to women in the West and is being weaponized to undermine Canadian democracy and replace it with Islamic Sharia law. https://action4canada.com/wp-content/uploads/hijab-1.jpg
- In Islamic culture and traditional Muslim societies, the hijab is a marker of a girl attaining puberty and eligibility to marriage.
- A Canadian Mufti, Sayyid Muhammad Rizvi, is advising Canadian Muslims that based on the teachings of Islam, sexual desire is aroused in human beings at the age of puberty. In Islamic legal definition, puberty (bulugh) is determined by:

    Age: fifteen lunar years for boys and '**nine' lunar years for girls;**
    https://action4canada.com/wp-content/uploads/Marriage-and-Morals-in-Islam-1.pdf

    Mufti Rizvi's guide teaches that Islamic law, the Quran, and hadith condone marriage to children, arranged marriages, marriage to multiple women, temporary marriages (to justify illicit sex) and cousin marriages. This ideology is being taught in Mosques and Islamic schools across Canada, including Alberta. **It is in violation of Canadian laws against pedophilia and polygamy and, therefore, must be stopped.**

- The late Mufti Ebrahiam Desai is another example of a Canadian Imam who taught Muslims that child marriage (pedophilia) is acceptable under Islamic law. He instructs a 45-year-old man who wants to marry a 12-year-old and have sex with her that it is permitted, "*According to the Shariah, if a girl is a minor (did not attain puberty), she may be given in marriage by her father.* ***There is no age limit to be intimate with one's wife even if she is a minor***."
https://action4canada.com/wp-content/uploads/Child-Marriage-Mufti-Desai.pdf
- In Islamic culture, women are violently abused and killed for not wearing the hijab. Why is it being permitted in Canada? https://action4canada.com/wp-content/uploads/hijab-2.jpg
- **Horizon Leadership Academy, Islamic School, Calgary**. Ten days after the barbaric attack against Israel on Oct 7, 2023 and on the anniversary date in 2024, the HLA led their students in a show of solidarity with Gaza. Palestinian flags are on display in classrooms and in the hands of students. It is also reported that Horizon provides Arabic books that support martyrs and promote anti-semetic hatred and violence.

Israel is Canada's closest ally in the Middle East, and that alliance must mean something—especially in the face of terror. The October 7 Hamas attack was a brutal, unprovoked assault on innocent civilians. That Horizon Leadership Academy would lead students in acts to support or sympathize with terrorism is not only appalling—it is dangerous. This is a betrayal of Canadian principles and a disturbing failure of leadership in an institution entrusted with educating youth. Horizon Leadership Academy should be investigated to determine if they are radicalizing youth. https://action4canada.com/wp-content/uploads/Horizon-Leadership-Academy-Calgary.pdf

- **Calgary MAC - Horizon Imams and leaders are Radicalizing Youth**: Teaching antiCanadian/anti-Semitic ideologies which in turn threatens social cohesion and safety and security of non-muslim citizens. https://action4canada.com/wp-content/uploads/MAC-Horizon-Calgary-Radicalizing-Youth.pdf

- **The Edmonton Islamic Academy, with the support of the Al Rashid mosque,** are raising funds to build a new private K-12 school. In addition, Al Rahsid mosque is calling on Edmonton city to rezone 34 acres to build a grand mosque, high school, recreation centre and Islamic (halal) commercial complex that will focus on the Islamic community. The K-12 school project costs $80 million, and as of May 2025, there is a $60 million shortfall, and there are concerning reports that they are applying for funding from the provincial government. Based on this report, taxpayers would be understandably outraged.

- **Queen Elizabeth Public High School** has a high population of Muslim students, a group of whom initiated "*the schools first* ***Muslim Student Association*** **(MSA)**". The MSA is tied to the Muslim Brotherhood. This is a strategic agenda to take over from within, demand prayer rooms and special treatment, segregate themselves from other students while at the same time influencing them—to advance Islamic ideology in Canada.

"The school runs a YouTube channel called The Knight's Watch, which broadcasts daily school news into every classroom during the second block. Hojeij said he will be going on the show during the week to provide tips on how to fast safely..."

*"**He said a lot of non-Muslim students and teachers will often fast in solidarity with the Muslim students".***

- **Omar Ibn Al Khattab Centre (OIAC)** is named after Umar Ibn al Khattab the second Caliph after Mohammad, and a Jihadi. He enforced the expulsion of all Jews and Christians from Arabia, expanded Islam through violent jihad, formalized the dhimmi system, approved death for apostates, and oversaw mass enslavement of Kafirs (non-muslims) as war booty. His caliphate marked the full doctrinal implementation of Islamic supremacy over non-Muslims through law, conquest, and social control. View the following link for more information on this and a brief summary of hate preaching Imams associated with the Omar Al Khattab Islamic School. https://action4canada.com/wp-content/uploads/Umar-ibn-al-Khattab-Centre-Report.pdf

  The OIAC mandates gender segregation according to "**Islamic law**", separating men and boys from women and girls in social and other settings. When you view images on their website, you will also find young girls and teens must wear a hijab. **Islamic Sharia law is incompatible with Canadian western values.** https://action4canada.com/wp-content/uploads/OIAC-men-women-segragated-separate-entrances.png

  The OIAC is currently seeking $30 million dollars in public funding to establish Edmontons' first stand alone Islamic school. https://action4canada.com/wp-content/uploads/New-Islamic-school-Edmonton.pdf

Islamic School Funding using Zakat, an 'Islamic' Tax

- The Edmonton Islamic Academy for example, on their fundraising page for the new school states they are raising '**tomorrow's Muslim leaders**' and they openly promote **zakat**, an Islamic tax, on their donation page—demonstrating alignment with 'religious' funding models that fall outside Canadian financial and charitable standards. According to the Quran (9:60), a portion of zakat is designated for those "*fighting in the cause of Allah*" (jihad). It is reported that the National Zakat Foundation sponsors the Muslim Brotherhood Annual Training Conference. Why is such a system being permitted and facilitated within Alberta under the guise of education and charity? https://action4canada.com/wp-content/uploads/Edmonton-Islamic-Center-muslim-leaders.png

Al Quds Day is a state-sponsored, anti-Israel event, orchestrated annually by the Iranian regime to support the Islamic Revolutionary Guard Corps **(IRGC)—a Canadian-listed terrorist organization**—in its efforts to destabilize the Middle East and spread hatred against Israel, Jews, and Western democratic values around the world. It is unacceptable that an event threatening Canada's core values and democracy continues to be tolerated. Despite repeated calls to put an end to this terrorist-backed display of hate, the Alberta government continues to allow it to take place.

Examples of radical Imams regularly welcomed in Mosques and Islamic Centers in Alberta with reported ties to extremist groups, spreading anti-semetic and anti-western hate.

Important Note: there are rising concerns over reports of abuse of children in mosques. Facing Abuse in Community Environments (FACE) is a Muslim organization committed to protecting Muslim children from Islamic leaders/teachers.

"*Since our inception in 2017, FACE has received 162 reports of abuse. As you can see from the chart to the right, 53% of the cases we have received fall into the area of* ***sexual abuse****. However,* ***a trend that we are seeing on the rise is physical abuse of children in Islamic schools,*** *often in the context of violent discipline to instill religious knowledge in the students. This coupling of physical and spiritual abuse among the most vulnerable among us - our children - is a major cause of concern for FACE*" https://action4canada.com/wp-content/uploads/FACE-support-for-abuse-from-muslim-leaders.pdf

Other Countries are responding to hate-preaching Imams, radical mosques, and Islamic centers:

- **August 2024:** Germany shut down one of the country's largest and oldest mosques and ordered a ban on the nationwide Shia Muslim organization that runs it for preaching extremism. ISIS in Alberta

In addition, there are active ISIS cells operating within major cities such as Calgary and Edmonton. According to a confidential source within the Calgary police, "*both the government and law enforcement are deliberately concealing the true extent of this threat from the public*."

News reports:

"*Ten years after it emerged as a toxic mix of fanaticism and ultra-violence, ISIS has left a trail of ruin in the Middle East, but also in Alberta. Alberta has played an outsized role in ISIS, with residents "over-represented" among Canadians who went overseas to join groups like ISIS, a 2019 study said.*"

- A couple, Aimee and Ali, who lived in Edmonton, left Canada to join ISIS. The report lists a number of other individuals, such as a man who robbed an Edmonton jewelry store to raise money for ISIS and is serving time in a U.S. prison.

  ISIS documents show that several recruits used phone numbers with Alberta's 403 area code, and more women who were part of ISIS and were caught in Syria have returned to Alberta than any other province. Police documents show the RCMP has launched at least two investigations into Alberta residents who joined ISIS, named Project Séance and Project Soldar. "*There's people that are going around…recruiting for ISIS*," MacMillan [an affected family member] said in an interview.
