

Dear SD 33 Superintendent, Rohan Arul-Pragasam, and Trustees,

First of all I want to thank Trustee Heather Maahs for taking a courageous stand on behalf of our children. As evidenced in this video¹, Trustee Maahs has experienced an abusive workplace environment, being shut down, censored, and bullied. Thank you also to Trustee Richard Procee for opposing the harmful materials.

In light of the overwhelming evidence², that School District 33 is involved with making pornographic and sexually explicit materials available to minors, I demand that Trustee Willow Reichelt be immediately removed from the board and investigated for her role in facilitating the sexual exploitation of minors. I further demand that all trustees who are in support of, and complicit with, Ms. Reichelt's position, also be removed and investigated. Section 171.1 (1) states:

Criminal Code: Section 171.1 (1) Every person commits an offence who transmits, makes available, distributes or sells sexually explicit material to (a) a person who is, or who the accused believes is, under the age of 18 years, for the purpose of facilitating the commission of an offence under subsection 153(1), section 155, 163.1, 170 or 171 or subsection 212(1), (2), (2.1) or (4)...

I also demand that a review be commenced forthwith of ALL the School District libraries' catalogues. This includes the list of books previously provided³, and related authors, as well as all LGBTQ books. The books must be pulled until such a time as they are properly reviewed by an independent, non-partisan, Parent Committee and child psychologists.

I expect a reply within seven days, detailing the specific actions you will be taking to address this matter.

Yours truly,
