Dear \_\_\_\_\_

I am writing to express my concern about the United Nations (UN) and World Health Organization's (WHO) plan to have every country adopt its so-called "Pandemic Treaty"<sup>1</sup>. This Treaty is an attempt to override our Constitution and Charter of Rights and Freedoms, undermine our democracy, and empower a foreign-controlled organization to strip Canadians of fundamental and constitutionally protected rights and freedoms.

The WHO claims that they only require the consent of 70% of all Nations to adopt this Treaty, after which it will then apply to all countries.

The United Nations and the WHO are unelected bodies and therefore, whilst they can make recommendations and/or treaties, Canadians unilaterally are NOT obligated by law to adhere to them, regardless of whether the government is a signatory, if they are, or would be, in violation of the Constitution and the Canadian Charter of Rights and Freedoms which are, and will remain, the Supreme Law governing ALL Canadians. It would, therefore, be of no force or effect.

As an MP, you were elected to defend and uphold the Canadian Constitution and Charter, which are the very pillars of this country. I urge you to educate your peers and loudly oppose this Treaty, which is cited to be adopted at the 77th Annual World Health Organization Assembly in 2024 (or sooner), in the Legislature and raise awareness of the violation of rights and freedoms the UN is trying to impose on Canadians.

*We must vigilantly stand on guard within our own borders for human rights and fundamental freedoms which are our proud heritage.....we cannot take for granted the continuance and maintenance of those rights and freedoms. — John G. Diefenbaker*

Sincerely,
