

Did you know?

Wynne Sex Ed is a Trojan horse, brought into schools under the guise of anti-bullying, but is really intended to sexualize children at the earliest age possible.

Example of explicit books available to grades K-12 in our schools and public libraries.

"Sexual intercourse - 'having sex' - can involve the penis and the vagina, or the mouth and the genitals, or the penis and the anus."

The Ontario government, including its education system, has been infiltrated by radical LGBTQ activists who are using the Wynne Sex Ed curriculum **to promote homosexuality and transgender ideology, and normalize sexual deviancy.**

The Wynne Sex Ed curriculum promotes and endorses **vile sexually explicit and pornographic books** which are available to children and youth through the schools, as well as in public libraries and online. This is resulting in many young people being exposed to pornographic materials and websites, being encouraged to masturbate, and experiment sexually with the same sex.

They are also being indoctrinated into believing their gender is fluid and non-binary. As a consequence, a growing number of young people are **tragically experiencing rapid onset gender dysphoria** and the only treatments offered are puberty blockers and/or surgeries that permanently mutilate their bodies and sterilize them.

The LGBTQ/Trans activists are manipulating society to accept their agenda by victimizing trans people and saying that kids who struggle with gender identity are at a heightened risk of suicide and, therefore, we need to support them in order to help them feel accepted. The reality is that **there is a 20% increase in suicide for those who transition** and transgender regret is exploding as individuals realize they were deceived into following this path.

The number of students who struggled with transgenderism, prior to the introduction of the Wynne Sex Ed curriculum, was zero. This is an adult sexual proclivity, not a child's. Wynne Sex Ed has created a social contagion. There is an **over 4000% increase** in girls who now say they identify as a boy. This number is from 2018 and has significantly increased as a direct result of the Wynne Sex Ed curriculum. "Some educationalists have previously warned that the promotion of transgender issues in schools has 'sown confusion' in children's minds and that encouraging children to question gender has 'become an industry,'" the Telegraph reported.

On Jan 7, 2022, Bill C-4 came into effect, making it a criminal offence if you do not support a child's gender dysphoria. In other words, you (the parent), could be criminally charged and go to jail for advising your daughter not to have her breasts removed. In April 2021, a father in BC was sent to jail for 6 months for opposing his 14-year-old daughter's gender transition.
